## ROCK COUNTY AN ELECTED TO FAIR BOARD

WIMMER WINS  
OVER FIVE OTHER  
CANDIDATES

After Wimmer, prominent county farmer and livestock breeder, was elected a member of the Indiana State Board from the Sixth Congressional District at a meeting of more than 100 delegates from the district, in the high school gymnasium Tuesday evening. He defeated five other candidates on the third ballot, after the low vote on the first two ballots had been dropped. He received 63 of the 100 votes cast. Hamilton of Fountain County, received the other

candidates were nominated by various counties in the district after the meeting had opened by Lt. Gov. Richard W. Smith, who is presiding in all the district meetings under the 1947 constitution which is causing the reorganization of the State Fair.

The candidates were Oren Anderson, Vigo county, present member; Mr. Wimmer, Rock county; David L. Grimes, Hamilton county who was nominated by Tom Hendricks; Robert Hamrock, Montgomery county; E. B. Moore, Hamilton county; and Calvin C. Hampton, Hamilton county.

Each of the men nominated prominent farmers and livestock breeders in their respective counties.

The delegates represented various organized groups in each of the counties and three ballots were cast before Wimmer received a majority.

Wimmer lives south-east of Greencastle and is well known in the county. He farms and raises beef cattle and hogs and his wife declared the grand champion calf raiser two years ago.

Following the election, Mr. Wimmer thanked the delegates and promised to aid in promoting a bigger and better Indiana State Fair.

Lt. Gov. James asked for suggestions from these gathered and spoke. Harry McCabe suggested that the cattle barn be cleaned during the fair. He complimented the fair on board securing a law prohibiting the sale of beer on the grounds. Two lewd shows which were reported last summer, were closed and Mr. James said it would be corrected in the future through a special contract. He spoke of the machinery manufacturers showing next year and thinks the trouble which occurred this year can be eliminated another year. He said the display of farm equipment was second of interest to livestock and a necessity at the fair.

Mr. James presented Charles W. Jones, former owner of Lynwood farms who attended the meeting. He said it was a revelation to him to see the interest in the fair and he forecast great things would come from such an organization if it could be carried on and meetings held in which general questions of interest could be discussed. Mr. Jones gave his farm to Purdue University.

Mr. James said this was the first organization meeting he had held and said it was one of the most interesting to date.

## Sees Probe Of Export Controls

WASHINGTON, Nov. 19.—(UP)—Sen. Robert A. Taft, R., O., said today he expected his joint congressional economic committee to investigate administration handling of export controls, which he has blamed for encouraging inflation.

At the same time, he listed President Truman's request for an extension of export controls among the "less controversial" ones in his 10-point anti-inflation program. Republican leaders generally assailed Mr. Truman's proposal for authority to restore limited consumer rationing and price control.

In advance of today's committee session for hearings on Mr. Truman's program, Taft expressed uncertainty as to what the President wanted in asking for "strengthened" export controls.

"It seems to me that they have complete powers already," Taft told reporters. He has repeatedly charged the administration with failure to make effective use of export controls and thus to check the inflationary effect of foreign buying on domestic prices.

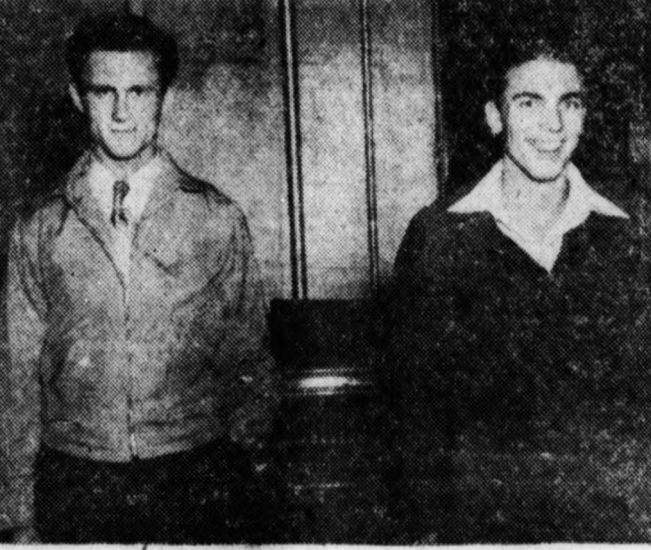

## ADULT EDUCATION CLASSES AT WORK -- EXHIBIT WORK TONIGHT

"An adult education program for a town the size of Greencastle is unusual," Mrs. T. A. Kleckner, chairman for the local project said today. "In the two years the project has been established here it has shown growth and earned increasing interest in the community. Persons who have been enrolled in the current series of classes are anxious for their friends to see evidence of class accomplishment."

Class instruction has included home planning and household repairing, typing, photography,

## Princess Elizabeth Busy Before Elaborate Wedding Tomorrow

LONDON, Nov. 19.—(UP)—Princess Elizabeth, as excited as any girl on the eve of her marriage, dragged herself out of bed today after another late party and a few hours' sleep to see her completed wedding dress.

There were 1,200 guests at last night's party given by the King and Queen in honor of Elizabeth and Lieut. Philip Mountbatten. The radiantly happy couple was congratulated by Winston Churchill, Prime Minister Clement Attlee and scores of royalty and dignitaries.

A friend who spoke to her early this morning as the last distinguished guests were leaving Buckingham Palace, quoted her as saying she was very tired and could not possibly keep any engagements today.

But while she slept, a small green van, guarded by the staff of designer Norman Hartnell arrived at the Palace with her wedding dress. She got up earlier than she had planned to see how it looked.

The night before, because of a big party, Elizabeth got only four hours' sleep. That was about

## ROACHDALE LIONS GUESTS OF ROTARIANS

GOOD MEETING HELD IN  
THIS CITY TUESDAY  
EVENING

Inaugurating a series of meetings at which Putnam county service clubs will be guests, the Greencastle Rotary Club entertained the Roachdale Lions Club on Tuesday evening at the club's room in the Presbyterian church. Approximately 80 members of the two clubs and their guests enjoyed the interesting program.

Following the dinner, Ernest Collins, president of the Greencastle Rotary Club, welcomed the Roachdale Lions and introduced Cully Wilson, president of the Roachdale civic organization. Mr. Wilson expressed the appreciation of the club for the invitation of the Rotarians to be their guests and in the promotion of goodwill among civic groups of Putnam county.

Otto H. Ernberg, who was in charge of the program, presented Professor Paul B. Blomgren of the DePauw Department of Economics. Prof. Blomgren, who is studying for the doctor's degree, gave a talk that was enjoyed by his listeners.

Discussing economics under communism, socialism and fascism, the speaker in an unusually interesting topic described how conditions would be if one should awake in the morning under these several types of governments. The effect upon the everyday life of a business man was graphically illustrated. After hearing Prof. Blomgren, a business man would have a better appreciation of his freedom under capitalism even with the faults of the capitalistic system.

Two former residents of Roachdale, J. B. Crosby and Ward Mayhall, volunteered their services for clearing the tables after the dinner.

Thomas P. Carney was also a guest of the Greencastle Rotarians.

## Man Believed Kidnap Victim

LINCOLN, Ill., Nov. 19.—(UP)—B. H. Turner, an insurance agent from Princeton, Ill., was sought today as a possible kidnap victim after his companion on a business trip, Wesley Rhody, 40, was found shot to death on a road near here last night.

Three hunters found Rhody's body on state route 10 about two miles west of Lincoln. He had been shot twice in the neck and cheek.

Logan County Sheriff C. L. Kief said he learned that Rhody, who operated a small trucking firm here, had left town with Turner about 4 p. m. to conduct business in Monmouth, Ill. Rhody's wife Rose, said the business concerned insurance on the trucking business.

That was the last anyone apparently heard from the two men until Rhody's body was found last night by Joe and George Vlahovich and Louis Mervar about 9:30 p. m. The three men were returning from moon hunting when their car struck the body and dragged it 70 feet along the pavement.

Dr. Boyd Perry, Lincoln, who examined the body, said he was convinced Rhody was dead when the car struck his body. However, he said he had been dead only a few minutes.

Perry said Rhody was shot with a small caliber gun.

## STOPPED BY PARADE; GIVES BAND \$100

## HIGH SCHOOL BAND PARADES FOR UNIFORMS

STUDENTS BOOST CAM-  
PAIGN FOR NEW BAND  
UNIFORMS

Greencastle's high school band paraded in the business district in an effort to give the campaign for new uniforms added impetus Wednesday morning.

The band was ably assisted by hundreds of junior and senior high school students carrying banners in connection with the drive. There were also several clever floats in the procession which was headed by the city police car and one of the fire trucks.

The parade reached completely around the public square and was viewed by an interested audience along the line of march.

All the boys and girls in Greencastle's three grade schools had assembled shortly before 11 a. m. on the south side of the court house and their presence greatly augmented the crowd.

Judges for the Junior Chamber of Commerce selected the following units as winners in the parade:

First—Leon Snyder's home room—Wagon with cow and sign "Come on cow, give for G. H. S. Band Fund."

Second—Miss Lela Walls' room—Group in long underwear and barrels with sign "Poor Mr. Jarketto."

## Jones School Donates Bonds

Mary Emma Jones Parent Teachers Association proudly announced today that they were turning over \$300 which they were holding in war bonds, to the Band Fund Drive. As it was explained to the publicity representative at the time that war bonds were greatly needed, war bonds were purchased, and now when such a project touching so many of our school children needs support, this money is being turned to that effort.

There are many children from Jones school beginning training in band and orchestra work. There are several now in High School band, whose parents and teachers helped to earn the money now being given; it was made to further a program which will help all youth in our schools. Bainbridge Wins  
Thriller, 41-39The Bainbridge high school  
team won a double overtime  
from the Ladoga basketeers, 41  
to 39, in a thriller played on the  
Pointers' home floor.Bainbridge came from behind  
in the last three minutes to tie  
the score at the end of the reg-  
ulation period, scoring 10 points  
to even the count and the game  
went into the over-time period.  
The score at the end of the reg-  
ulation time was 37 all.In the first over-time period  
the score was still tied at 39 all.  
In the second extra time, Bain-  
bridge scored twice to win.A Clodfelter with 15 points,  
was top scorer for the Pointers.  
Williamson with 14 was high  
man for the visitors.The victory marked the fourth  
for Bainbridge this season and  
fans are predicting they will be  
plenty tough as the new season  
gets older.In a preliminary game, the La-  
doga B team defeated the second  
string Bainbridge team with a

Again Hit Trail  
To BloomingtonGreencastle's Tiger Cubs will  
hit the road again this week  
when they travel to Blooming-  
ton for their second high school  
basketball game of the season  
Friday night.State High shaded the local  
net tossers 37-34 in their first  
time out last Friday and conse-  
quently the Cubs are hoping to  
make a better showing in this  
second encounter.The Greencastle team was  
slow in getting started against  
State High and the first quarter  
margin proved too much of a  
handicap. Here's hoping they  
will be over their "stage fright"  
or "jitters" this week and ring  
up some points during the open-  
ing period in the Bloomington  
tilt.Coach Goldsberry reports that  
the Bloomington squad is big

## URGES STARTING CHILDREN

TO SCHOOL AT TWO YEARS  
NEW YORK (UP)—Rose  
Schneiderman, president of the  
Women's Trade Union League, be-  
lieves the day will come in this  
city when children will start to  
school at the age of two."It's no longer practical," she  
said, "to tell all mothers of small  
children that they should stay  
home with their babies. Working  
women have made tremendous  
progress in our time. Women  
have better pay than ever be-  
fore, children have better care

and living standards are higher."

The League, she said, is now  
taking a poll of women to deter-  
mine how they feel about it.

## FRANCE, ITALY HARD PRESSED BY COMMUNISTS

PARIS, Nov. 19.—(UP)—The Communist offensive against Premier Paul Ramadier's shaky coalition government increased steadily today with more than

250,000 workers on strike and new walkouts threatened. These strikes hit squarely at France's key industries: coal, mining, shipping, automobile and metal. They appeared carefully timed to weaken Ramadier's position and make it impossible for him to strengthen his govern- ment, so France can carry its share of the Marshall Plan.

Strikes had nearly closed the mines in the north and deprived France of most of its coal supply at the beginning of the winter. Coal miners in the Rhone depart- ment were expected to walk out today, joining 85,000 Commu- nist-led union members at Mar- seille.

The Marseille waterfront strike—the crews of two Ameri- can vessels loaded with coal and flour were supporting it—had in- fected other ports. Strikes closed most of the Renault and Citroen automobile works and the metal industry.

Since the bulk of these indus- tries are nationalized, the strikes were against the government. The miners struck originally be- cause the government fired Gas- ton Delfosse, a Communist mem- ber of the national coal board.

Last night, however, they pre- sented the government with wage demands. They said they wanted a minimum monthly wage of about \$91 and a 25 per- cent raise immediately, pending agreement on a new minimum.

Ramadier conferred contin- ually with party leaders in an effort to broaden his government.

ROME, Nov. 19.—(UP)—Of- ficials feared today that a ma- chinegun and hand grenade bat- tle between police and 5,000 Leftists in Corato last night marked the beginning of a new more vicious phase of the Com- munist offensive to overthrow the moderate Italian govern- ment.

It was the worst battle since the "war of the public squares" started 15 days ago. The fighting raged through Corato's streets for nine hours. Two persons were killed and 10 others were wound- ed before order was restored by infantry, mobile police and arm- ed troops.

All of the dead and all but two of the wounded were civilians. The fighting in Corato raised to at least 14 the total killed in Italy in 15 days of incessant riot and agitation. The total of injured ran into hundreds.

Thousands of terror-stricken inhabitants of Corato—a city of 45,000 population 25 miles north of Bari—fled into the open fields where they spent the night. Land communications were cut and the only contact with Rome was by radio.

The Corato mob did not attack rightist parties' headquarters and newspaper offices, which had been a feature of the riots in more than 100 other cities and towns. Armed with pistols, rifles and machineguns, the rioters at- tacked central police headquar- ters.

## U. S. WILL NOT BE BLUFFED BY REDS - MARSHALL

WASHINGTON, Nov. 19.—(UP)—Secretary of State George C. Marshall's brutally frank Chicago speech was recog- nized today as warning to the Kremlin that the United States is ready for a showdown on allied policy toward Germany.

It will come at the London foreign ministers conference which meets Nov. 25, Marshall

AT THE VONCASTLE

Longtime veteran of the stage, Ray Compton makes one of her infrequent appearances on the screen in Carol Reed's produc- tion of "Odd Man Out." The highly-acclaimed drama is a Uni- versal-International release.

leaves for London tomorrow.

If Marshall sticks to his hard- fasted position the conference scarcely can be an utter failure although Russia may continue to prevent the making of a peace treaty with Germany. The con- ference looks like the last allied grasp at postwar unity—and there isn't much chance of get- ting that.

The prime conference objective is a German peace treaty which will hasten the political and in- dustrial unification and revival of that stricken country. Europe's recovery and, ultimately, the future well-being of the United States hang on the results of their efforts.

Marshall bluntly said the Uni- ted States would not be bluffed or dissuaded by Russian propa- ganda from the policies of Euro- pean and world recovery upon which we already have spent huge sums. He accused the Rus- sians of lying about us for propa- ganda purposes.

"The people of this country are God fearing people," Mar- shall said in an address last night before the Chicago Coun- cil of Foreign Relations and Chamber of Commerce. "They have been very patient in their attitude towards misrepresenta- tion of their actions and motives. Today our people virtually have been driven into a state of active resentment and, having been goaded to this point, they are ac- cused of having lighted and stoked this great fire of public re- sentment."

"This last is propaganda, yes, of the most brazen and con- temptuous character. It is time to call a halt to such inflamma- tory practices. We are aware of the seri- ousness and extent of the campaign which is being directed against us as one of the bulwarks of western civilization. We are not blind to any of the forms which this attack assumes."

"And we do not propose to stand by and watch the disinte- gration of the international com- munity to which we belong."

That was straight talk—and aimed at the Kremlin. It was warning from Marshall backed by the United States government.

that the American people are in the game to stay and willing to play with blue chips. The stakes could not be higher.

When Marshall said Commu- nists and Soviet officials had ven- omously and with calculated pur- pose vilified and distorted Amer- ican motives in foreign affairs, he was talking about Soviet Foreign Minister V. M. Molotov, among others, and the two top Russians accredited to the Uni- ted Nations, Andrei Vishinsky and Andrei Gromyko.
